

REMARKS

Applicant has amended the Specification to avoid ambiguity with the claims, as submitted in Applicant's Amendment After Final dated November 22, 2005. In particular, claim 1 requires a first clip with first and second pawls, which corresponds to the handle clip 44 shown in the drawings and described in the Specification. Claim 1 also requires a second clip having first and second pawl stops, which corresponds to door clip 18 shown in the drawings and described in the Specification. However, on page 2 of the Specification, line 31, as originally filed, the door clip 18 was also referred to as the first elongated clip 18, which is not the first clip of claim 1. Therefore, Applicant has amended page 2, line 31, to delete reference to a "first elongated clip", so as to avoid ambiguity with regard to the first clip of claim 1.

Conclusion

No fees or extensions of time are believed to be due in connection with this amendment; however, consider this a request for any extension inadvertently omitted, and charge any additional fees to Deposit Account No. 26-0084.

Reconsideration and allowance is respectfully requested.
